According to the incident summary, this incident involved an uncontrolled release. Follow-up is necessary.

**Updated Volume:** None at the time of this update

---

**Date:** 4/16/2018      **Status:** Inspection

**Author:** Schmitt, Bryan

**Notes:**

Date: 4/16/2018

Time: 15:15 CST

Motor oil was leaking out of the cargo trailer onto the tires and pavement. Western Plains Consulting, Inc. (WPC) was on site removing contaminated pallets and containing the spill. WPC was laying down absorbent around the truck and isolating the contaminated area. No impacts to storm or sanitary sewer were observed. The spill appeared to be on pavement and no vegetation was impacted.

**Updated Volume:** None at the time of this update
